Our Mission

To offer our portfolio of reputable brands to our clients, doctors and hospitals with committed professional service and quality products through maintaining high business ethics and focusing on our customer's needs.

Our Vision

The market leader and preferred provider of medical devices, equipment and instrumentation.

Our Company is a medical sales, distribution and service orientated company that was established back in 1980. Our head office is situated in Edenvale, South Africa. We supply medical equipment and solutions to the private and public sectors in Southern Africa through our dedicated sales force and appointed agents.

What is the Medequip difference?

We strive for excellence through the application of our extensive knowledge and experience in the medical arena.

We strive to deliver only the highest quality equipment and services to our customers which will ensure a high return on investment for our customers. We specialise in Medical Capital equipment and disposables to the private sector and to the state. Our company is managed and structured to achieve trustworthy and effective results, even to the most challenging customer requirements. This we believe forms the foundation for the mutually beneficial, long term partnerships and will ensure that we reach our goal of adding value to our clients.

We endeavour to exceed our clients expectations with the solutions we provide. We aim to price our solutions and services competitively and deliver products timeously to our customers.
